

The most powerful L1 ever

For DJs, singer-songwriters, bands — and your audience — the L1 Pro32 delivers a truly superior experience. With the supreme clarity and output of a 32-driver articulated line array, the L1 Pro32 offers 180-degree horizontal sound coverage, giving you an unrivaled portable PA system for medium-to-large-sized venues and events like weddings, clubs, hotel ballrooms, festivals, and more.

Mid High Array

Straight line array, featuring 32 articulated 2" neodymium drivers; 180-degree horizontal coverage with the highest SPL, longest throw distance, and most focused coverage pattern in an L1 ever — providing intricate sonic detail, clarity, and consistency, even off to the extreme sides in larger venues.

Modular Sub2 subwoofer

Featuring a high-excursion 10" x 18" neodymium RaceTrack driver with performance that rivals a conventional 15" woofer. Bass response down to 37Hz.

Built-in mixer

The power stand incorporates a powered mixer that connects various audio sources with two combo XLR-1/4" phantom-powered inputs, 1/4" and 1/8" (3.5 mm) aux input, plus Bluetooth® streaming — and access channel volume, tone, and reverb via illuminated controls, with ToneMatch presets and system EQ.

Included SubMatch cable

A single cable connectivity for both power and audio.
